Perran Sands Holiday Park is located just outside the lively seaside resort of PERRANPORTH in North Cornwall.

Set amongst acres of sand dunes and with direct access to it's own beach, Perran Sands Holiday Park really does offer a complete range of activities and facilities for all members of the family.

The park offers a range of comfortable chalets which are well equipped and provide a good standard of self-catering accommodation.

If you need to venture off the park then there are plenty of facilities (and more beaches) in Perranporth as well as those little, hidden havens.
